Auckland is a place where big city style goes hand in hand with a stunning natural playground. Breath taking scenery, world-class food and wine, sparkling harbours, island retreats, eclectic cultures, great shopping and spectacular arts and events –it's all here for your guests to discover. The mild Auckland weather is due to the unique location of Auckland, the warmest and sunniest city in New Zealand. Situated on a narrow strip of land between Waitemata Harbour in the East and Manukau Harbour in the West, this area enjoys a warm sub-tropical climate.
