Day 1

Copenhagen City

Day 1

○ Do it like the Danes

Copenhagen has been chosen to be the first Bike City in the world. With 36 percent of all Copenhageners cycling to work, school, university etc., and the popular “free token bikes”, the title fits the city perfectly. Your guests will don helmets and set off directly from your chosen hotel to experience how Copenhageners get around their city.

This tour includes Copenhagen’s popular landmarks as well as some less well known but equally impressive gems which Ovation has uncovered. Danish pastries at a local eatery will be the first stop.

○ Evening

Guests kick off their evening with a beer tasting experience overlooking the docklands followed by a barbeque courtesy of our internationally-recognised BBQ team.

Day 2

Copenhagen City

Day 2

○ Design is all around

The canals and waterways which wind through Copenhagen date back to the 17th century but are relied upon for transport as much now as they were back then. This morning's tour takes guests through the harbour and the idyllic canals of Copenhagen where beautiful churches, castles, picturesque old houses as well as new architectural buildings are situated.

○ Afternoon

After a short lunch guests continue to explore the world of Danish design. Copenhagen's porcelain, glassware and silvery are renowned for their design, with this in mind we have created a trail to include the best flagship stores coupled with quaint little stores. Guests can even paint their very own porcelain pieces to take home.

○ Evening

To finish the day, guests will taste typically Nordic cuisine at one of Copenhagen's top culinary hotspots.

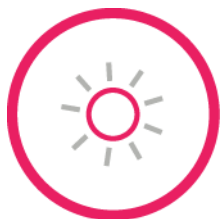

Day 3

Copenhagen City

Day 3

Tivoli Gardens is one of the oldest amusement parks of the world and the park consequently exudes tradition and history. The fairy tale garden and multitude of vibrant venues offer excellent options for group activities. A farewell lunch is served in one of the park's restaurants before guests head for the airport.
