OUTDOOR COOKING

'finding back to nature'.

ACTIVITY 1 : OUTDOOR COOKING & GIN MAKING

A truly unique nature and open fire cooking experience in the woods just outside Copenhagen

Only an hour's drive from Copenhagen's pulse and high tempo you will find the complete opposite: glamorous camp deep in the woods, well hidden and not accessible to the public. The combination of a beautiful house, tepees and incredible Danish nature, creates the best scenery possible for an outdoor cooking experience.

Creating a unique and high-quality experience for You will start by 'finding back to nature'. A comfortable coach will take you from Copenhagen into the woods.

Quiet sounds of the trees swaying in the wind when gathering mushrooms and herbs in the forest guided by an expert will set the mood just right. These funds will later be used to make a unique bottle of gin in collaboration with our craft gin maker. A Michelin chef will take you through an incredibly gastronomic adventure of cooking dinner on an open bonfires. You will enjoy it at the beautifully set table outdoor or in a big heated teepee and feel the calming warm light of the small fireplaces.

When the day comes to an end coach will take You back to Copenhagen. Each and everyone carrying with their own and unique bottle of gin to bring back as a memory.

'finding back to nature'.

ACTIVITY 2 : OYSTER & SEAFOOD SAFARI

Away from Copenhagen, all the way in Jylland either by Limfjord or Rømø , which is a short flight and some drive away you will find nature way different than in Copenhagen and its areas.

The clear cold salt water of the Limfjord offers a sumptuous pantry of delicious ingredients. We have found a very special place by the fjord, which we would like to take You to.

You will use this place during the day as a base for the experience. We will go hunting in the Limfjord together with our nature guide, go out and 'hunt' delicacies both in the water and at the beach edge. We pick oysters from the oyster banks and hunt lobsters and crabs where possible.

After successful safari hunt, we will return to our base and prepare delicious dinner using ingredients available during the season as well as all we have collected. Oysters and champagne, lobsters and crabs followed by best wines, served in beautiful and peaceful surroundings and sound of wind and water, what can be better.

ISLAND ESCAPE

'finding back to nature'.

ACTIVITY 3 : ISLAND ESCAPE

Just 20 min away from Copenhagen, you can get Your very own Island escape experience.

Legend has it that this small island between Landskrona and Denmark called Hven was formed when a giant dropped a lump of earth into the sea. Today, Hven is known for its beautiful cliffs dropping straight into the sea, white beaches, quaint cottages, cozy cafés and fun hills for cycling. The iconic yellow bikes are typical for Ven and offer the best way to explore this beautiful island.

Whether you are interested in astronomy, whiskey or just breathtaking nature , Hven is the perfect destination for an unforgettable and gastronomic experience away from the big city races. We will take you there in no time with our fast rib-boats , that always add excitement to any trip.

You will get to explore this piece of heaven by bikes , followed by either exclusive Tycho Brache museum visit or experience the process of making whiskey and of course taste it. Absolutely one of the most characteristic things to do on Hven if you like whiskey.

The possibilities are many!

After exploring island, you will enjoy an exclusive lunch or dinner on the beach , where the summer ingredients are prepared and served in the open air for scenery taken out of a Morten Korch film.
