Strategic Partner

**Nepal is an amazingly diverse country that offers everything for everyone.**

**Kathmandu is a living museum of Nepali civilization and culture.** Its towering pagodas with fascinating architecture and artistic workmanship along with former King's palaces can easily win the heart of culture loving visitors.

This journey will take you from the religious temples of Kathmandu to getting the feel of wildlife in the lush jungles of Chitwan.

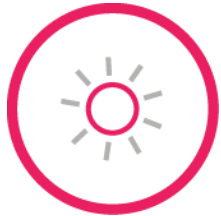

A close-up photograph of a person's hand, adorned with several colorful bangles (green, yellow, and red), cooking on a large, dark, flat griddle. The hand is placing a small, round, light-colored food item onto the griddle. Several sunny-side-up eggs with bright yellow yolks are already cooking on the left side of the griddle. To the right, there are several golden-brown, round fried items, possibly fritters or pancakes. In the bottom right corner, there is a pile of dark, chunky food, possibly a meat or vegetable salad. In the background, a large metal bowl is visible. A large white circle is overlaid in the top right corner of the image.
