Ovation
Strategic Partner

In north-west Finnish Lapland, beyond the Arctic Circle, our base is Levi, Finland's premier downhill ski resort. Experience a wide range of snow-based activities, ski in your free time or relax with spa programmes and enjoy mountaintop dinners, plus a memorable farewell evening in a Snow Restaurant. With trendy bars and the Areena venue attracting top bands, Levi offers the best nightlife in Lapland.

The image shows the interior of an ice bar. The walls and ceiling are made of ice, with arched openings. Several tall, rectangular ice pillars are spaced throughout the room. In the foreground and middle ground, there are low, rectangular ice tables. Small, warm-colored candles are placed on the tables and around the room. In the background, there is a large ice sculpture of a person. The floor is covered in a layer of snow. In the top right corner, there is a large white circle.
