**With a history dating right back to 3,000 BC, Oman's unspoilt land could tell a thousand tales.** It was the birthplace of the Queen of Sheba, the last resting place of the prophet Job and the home and port of the famous adventurer, Sinbad. Little wonder then that the sultanate has such an abundance of hidden treasures.

From the grand forts, exquisite palaces and mystical souqs of its capital Muscat, to the undulating dunes, fresh water wadis and miles of unspoilt sandy beaches, Oman is just waiting to be discovered.
